# Jungfrau Eiger Walk

From Eigergletscher to Kleine Scheidegg

The theme trail, which tells of the triumphs and tragedies on the Eiger North Wall, can be walked in one hour. The wide path from the Eigergletscher station down to Kleine Scheidegg can also be hiked uphill in the opposite direction. The trail passes the original hut in which mountaineers spent the night before beginning their ascent. The interactive, multimedia installation in the 'Kirchli' (a former transformer station, often said to resemble a small church) shows the ascents of the world-famous wall of rock. The boulders around the lake are memorials to the mountaineers who have lost their lives on the Eiger.
