

## TRADITION

With its strategic position, at walking distance from the city center and the train station, Hotel Internazionale is an excellent address for business(wo)men or tourists. The famous UNESCO World Heritage castles or the surrounding valleys are in sight from all the rooms of this building built in the early 19th century.

Reopened in September 2010, after two years of radical renovation, the new building offers soundproofed and hypoallergenic rooms, equipped with every comfort.

24 hours check-in option and private parking facilities are available to our guests.
